Jim Porter

President
Pro Football Hall of Fame

Jim Porter has loved the Pro Football Hall of Fame about as long as he has known his ABCs. As a boy growing up in Canton, Porter said he looked forward to sitting in a lawn chair and watching a new class of Hall of Famers be enshrined far more than he did to opening gifts on Christmas morning.

"The Canton Repository, which I used to deliver, always had a countdown in the bottom right-hand corner," said Porter. "I was the kid who went and looked at the calendar to say, 'OK, I'm 190 days away.' I did it on the school bus. I did it because enshrinement was very cool for me."

Five decades later, Porter's love came full circle as he took over the stewardship of his hometown's most beloved landmark. Porter was named president of the Pro Football Hall of Fame in October 2021, stepping into the position with extensive executive experience and a deep understanding of the Hall's Mission and the needs of the Canton community.

As president, Porter's main responsibility is to ensure the Hall honors its Mission statement: "Honor the Greatest of the Game, Preserve its History, Promote its Values and Celebrate Excellence Together."

Previously, Porter was publisher of GateHouse Ohio Media and oversaw the management of The Canton Repository, The Massillon Independent, The Alliance Review, The Dover-New Philadelphia Times-Reporter, About magazine, The Suburbanite and Jackson Suburbanite (weeklies) and all of those publications' related digital products, including the football-focused Friday Night Ohio.

Porter held several executive management positions over his 33 years at The Repository, serving as VP of Circulation, VP of Sales & Marketing and General Manager for GateHouse Ohio Media prior to being named group publisher in 2013.

During his newspaper career, Porter won the prestigious International Newspaper Marketing Award for "best overall marketing results." Under his leadership, The Canton Repository was recognized as Newspaper of the Year by The Associated Press five consecutive years (2015-19). He also received several Ohio Circulation Managers Association awards over his career.

Porter served as the chairman of the NFL Centennial Host Committee. He serves or has served on the following boards of directors: Pro Football Hall of Fame, Pathway Caring for Children, ArtsinStark, Better Business Bureau, Canton Regional Chamber of Commerce, Special Improvement District for City of Canton, Canton for All People, United Way of Greater Stark County and the City of Canton's Steering Committee.

Porter was co-chair of the Harvest for Hunger food campaign for the Akron-Canton Regional Foodbank for three consecutive years.

He is the founder and chairman of the Stark County High School Football Hall of Fame and executive director of the former East-West All-Star Game in Stark County. He was inducted into the Plain Local Wall of Fame in 2004 as an individual and was inducted a second time, in 2018, as the past president of the Golden Eagle Athletic Association.

Porter resides in Jackson Township with his wife, Sarah. He has four daughters: Kaitlyn, Bayley, Emma and Reagan, and one grandchild, Jameson. He attended the University of Akron and Northwestern University's Kellogg School of Management.

In December 2020, Porter received the Clayton Horn Award, which recognizes an individual who positively impacts the Canton community and strives to move it forward. This award speaks to an individual with true character and integrity—both of which are essential qualities to being president of the Pro Football Hall of Fame.

THE PRO FOOTBALL HALL OF FAME

The Pro Football Hall of Fame opened its doors over 60 years ago. From its humble beginnings in 1963 to today, the Pro Football Hall of Fame has grown in both size and stature. Recognized worldwide as America's premier sports Hall of Fame, it is doubtful that even the most optimistic of those who led the drive to bring the Hall of Fame to Canton, Ohio, could have envisioned the successes it would realize.

An exhilarating museum and attraction, the Hall of Fame pays tribute to the talents and triumphs of pro football's greatest stars. Chronicled within the walls of the Hall of Fame are the stories and circumstances of play that bring to life such words as Commitment, Integrity, Courage, Respect and Honesty.

The Pro Football Hall of Fame has welcomed more than 10 million fans. Each year, visitors travel from each of the 50 states in the United States and from upward of 70 foreign countries to tour the Hall of Fame.

Today, the Hall of Fame reaches tens of millions of additional football fans each year through broad outreach, such as nationally televised events, an in-depth website, educational and youth programs, social media and special exhibits and events staged around the country.

The Pro Football Hall of Fame works collaboratively with the pro football family – the National Football League, the 32 NFL clubs and other entities. The cooperative efforts of all these organizations have contributed greatly to the overall success of the Pro Football Hall of Fame. In turn, the Hall strives to serve as the best possible historical showplace and repository for the sport of professional football.

The Pro Football Hall of Fame, after a stringent review process, achieved accreditation by the American Alliance of Museums (AAM), the highest national recognition afforded to the nation's museums, in 2017. Accreditation signifies excellence to the museum community, to governments, funders, outside agencies and to the museum-going public. The Hall of Fame is one of just over 1,109 of the estimated 33,000 museums (a mere 3%) in the United States to earn AAM accreditation. The Pro Football Hall of Fame was the first major sports museum to be accredited.

The Hall of Fame is a 501(c)(3) not-for-profit educational institution guided by its Mission to "Honor the Greatest of the Game, Preserve its History, Promote its Values & Celebrate Excellence Together."

HISTORY

The Pro Football Hall of Fame is located in Canton, Ohio, for three primary reasons: (1) the American Professional Football Association, later renamed the National Football League, was founded in Canton on Sept. 17, 1920; (2) the Canton Bulldogs were an early era pro football power, even before the days of the NFL. They were also the first two-time champion of the NFL, in 1922 and 1923. The great Jim Thorpe, the first big-name athlete to play pro football, played his first pro football with the Bulldogs, starting in 1915; and (3) Canton citizens early in the 1960s launched a determined and well-organized campaign to earn the site designation for their city.

The National Football League awarded the site for the Hall of Fame to Canton in 1961. Groundbreaking for the original construction took place on Aug. 11, 1962, and the Hall opened its doors for the first time on Sept. 7, 1963. Four expansions were completed over the years (1971, 1978, 1995 and 2012-13) that have resulted in the museum growing from its original 19,000 square feet to today's 121,000-square-foot football facility.

Jim Porter was named president on Oct. 16, 2021. Previous presidents or executive directors of the Hall of Fame were: Dick McCann (1962-67), Dick Gallagher (1968-1975), Pete Elliott (1979-1996), John Bankert (1996-2005), Steve Perry (2006-2014) and David Baker (2014-2021).

HOURS OF OPERATION

The Pro Football Hall of Fame is open every day of the year except for Thanksgiving and Christmas. From Memorial Day weekend through Labor Day, it is open daily from 9 a.m. to 7 p.m. The hours for the remainder of the year are 9 a.m. to 5 p.m. daily. Information on visiting the Hall of Fame can be found at: ProFootballHOF.com/Visit.

INSIDE THE HALL

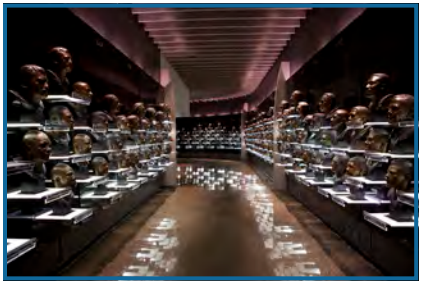
The Pro Football Hall of Fame is a world-renowned museum that represents its sport in many colorful and entertaining ways. The Hall of Fame continually enhances its exhibits and displays to provide guests with an immersive and experiential visit to *"Football Heaven."*

Visitors enter the museum through the grand lobby at the center of the building. This area also features a special exhibit gallery. Guests then begin their visit by walking through a time tunnel of images featuring players from current years spanning back to the beginning of the National Football League. The visitor experience explodes with a visually dynamic and interactive two-level exhibit area in the Hall of Fame's original rotunda.

"***The NFL's First Century Gallery***" ground level includes a towering bronze statue of Jim Thorpe, considered a legend of pro football dating back to his days with the Canton Bulldogs beginning in 1915. The exhibits on the first level present a panoramic view using high-tech interactives and one-of-a-kind artifacts to tell the story of professional football, from its humble beginnings in the early 20th century to the phenomenon it has become today.

The second floor of "***The NFL's First Century Gallery***" features historical information regarding professional football in several dramatic themes. Inspirational stories of the game's pioneers, great players, coaches and circumstances are told in vivid detail. Pro football's societal impact is documented in "Road to Equality" and "Pop Culture." Bringing these themes to life are audio and video interactives and larger-than-life photographic murals.

Perhaps the most emotional stop during a tour of the museum is the "***Hall of Fame Gallery***" that houses the Bronze Bust of each Hall of Famer. Visitors also have the opportunity to learn about each member of the Hall through touch screen kiosks that include bios, photos and videos on the enshrinees.



After the "***Hall of Fame Gallery***," guests proceed to the "A Game for Life" holographic theater**.** This extraordinary multi-sensory immersive theater features holographic representations of Hall of Fame legends Joe Namath, George Halas and Vince Lombardi. The experience provides great inspiration to fans by showing them how the game of football also teaches lessons about life. The stories of numerous Hall of Famers – Jim Kelly, Steve Largent, Alan Page, Jim Brown, Warren Moon and Curtis Martin – are shared. "A Game for Life" was produced and created by some of the leading talent in the film industry and has received rave reviews.

"A Game of Life" immersive holographic experience

The "***Pro Football Today Gallery***" examines contemporary themes in the NFL. This area is filled with mementos from recent history-making performances, including many milestone moments from the most recent NFL seasons. Artifacts continually are placed on display as they are added to the Hall's extensive collection.

The "***Lamar Hunt Super Bowl Gallery***" chronicles, in dramatic fashion, the exciting history of the game from Super Bowl I to present. The gallery uses one-of-a-kind artifacts, exciting game footage and interactive kiosks to help tell the story of how the Super Bowl has become a global phenomenon.

RALPH WILSON, JR. PRO FOOTBALL RESEARCH AND PRESERVATION CENTER

The Mission of the Pro Football Hall of Fame is to "Honor the Greatest of the Game, Preserve its History, Promote its Values & Celebrate Excellence Together." Nowhere is this mission more evident than inside the Ralph Wilson, Jr. Pro Football Research and Preservation Center, which is named after the Class of 2009 enshrinee and Buffalo Bills late founder/owner.

Here is where the documentary evidence of the history of professional football is preserved. Within this state-of-the-art, 10,000-square-foot facility, a vast archive of more than 40 million pages of documents and primary source materials are protected with a climate-controlled system. The archives collection includes rare documents, personal papers, game programs, special collections, publications, teams and league records, and oral and video histories relating to individuals and the history of professional football. Additionally, the Research and Preservation Center is the repository for the Hall of Fame's artifact collections that includes more than 30,000 individual objects. Together, the archives and artifact collections serve to preserve an enduring record of the sport, its past and the Legends who made pro football America's most popular sport.

The Pro Football Hall of Fame Ring of Excellence is one of three iconic symbols that represents the elite status of being a member of the Pro Football Hall of Fame in addition to the Gold Jacket created by Haggar and Bronze Bust. As part of the partnership between the Pro Football Hall of Fame and Kay Jewelers, all living members of the Pro Football Hall of Fame, in addition to the recent class, received the new Ring of Excellence that was redesigned by Kay Jewelers in 2013. The Ring of Excellence is presented to the Hall of Famers during special halftime ceremonies around the NFL during each regular season.

To help build a championship-level defense to complement their already high-powered offense of the early 2000s, the Indianapolis Colts used their first-round pick (11th overall) in 2002 to choose defensive end Dwight Freeney. Results came immediately.

With Freeney appearing in all 16 games, eight as a starter, the Colts improved their defense from 29th overall in the NFL in 2001 to eighth in 2002. Freeney led the resurgent defensive line with a rookie-record 13 sacks to go with 20 tackles for loss on his way to NFL All-Rookie Team honors and a second-place finish in voting for the AP's Defensive Rookie of the Year award.

Freeney followed with three more seasons of double-digit sack totals, including a league-best 16 in 2004. That year he also was named first-team All-Pro for the first of three times and earned his second of seven Pro Bowl invitations.

A foot injury limited Freeney to nine games and 3.5 sacks in 2007, but he bounced back in 2008 with 10.5 sacks, and he added 23.5 sacks over the following two seasons.

For his career, Freeney totaled 125.5 sacks, 148 quarterback hits and 128 tackles for loss. He was credited with 47 forced fumbles, a figure that is tied for fourth on the NFL's all-time list, and twice forced three fumbles in a game.

Freeney played 218 regular-season games over 16 NFL seasons, the first 11 with the Colts.

He appeared in 22 postseason contests, including three AFC Championship Games and two NFC Championship Games. He won a Super Bowl ring with the Colts and played in two other Super Bowls. In the postseason, he totaled 11 sacks and 12 tackles for loss.

Freeney attended Syracuse University. As a senior, he led the nation with 17.5 sacks and earned All-American accolades.

The heart and soul of the Denver Broncos' famed "Orange Crush" defensive unit of the 1970s and 1980s, Randy Gradishar showed an uncanny knack for knowing where the ball would be before the opposing offense ran the play.

Gradishar's impact was felt from the moment the Broncos selected him with the 14th overall pick in the 1974 NFL Draft. Prior to choosing Gradishar, the club had posted only one winning season and had never made the playoffs. With their new defensive leader, they totaled seven winning seasons and four playoff appearances in his 10-year career.

In his second season, Gradishar led Denver in total tackles, beginning a streak of nine consecutive seasons accomplishing that feat. His dominance helped the Broncos to their first postseason berth in 1977, including an appearance in Super Bowl XII against the Dallas Cowboys. Gradishar recorded eight tackles in the both the AFC title game and Super Bowl that season.

A career year followed in 1978, earning Gradishar countless accolades that included AP NFL Defensive MVP/Player of the Year, first-team All-Pro status, All-AFC and selection to the Pro Bowl.

For his career, Gradishar is one of only 10 linebackers with at least seven Pro Bowls, 20 interceptions and 10 fumble recoveries. The other nine (Chuck Bednarik, Dick Butkus, Jack Ham, Ted Hendricks, Jack Lambert, Willie Lanier, Ray Lewis, Joe Schmidt and Brian Urlacher) are members of the Pro Football Hall of Fame.

His unofficial 2,049 career tackles (tackles became an official stat in 2001) are still the most in Broncos history and would place him second all-time behind Hall of Famer Ray Lewis for most in the NFL.

When the Chicago Bears selected Devin Hester with a second-round pick in the 2006 NFL Draft (57th choice overall), the team knew it was adding a multi-dimensional player with elite skills in the return game. Few, however, could have predicted how profoundly he would influence the franchise, set NFL records still standing and reinforce the importance of special teams.

Hester played in 11 NFL seasons (2006-2016) – eight in Chicago, two in Atlanta and a final season split between Baltimore and Seattle. He burst onto the scene as a rookie, helping ignite a Bears team that finished with a 13-3 regular-season record and eventually reach Super Bowl XLI.

In that 2006 season, he returned 47 punts for 600 yards (12.8 average) and three TDs, 20 kickoffs for 528 yards (26.4 average) and two touchdowns and also returned a missed field goal 108 yards for a touchdown – one of only five such "kick-six" scores in an NFL game.

Hester opened Super Bowl XLI with 92-yard kickoff return for a touchdown – the only time in Super Bowl history that has occurred.

He followed his All-Pro rookie season by setting more records in 2007. Among the many highlights in that All-Pro season was a game against Denver in which he returned both a punt (75 yards) and a kickoff (88 yards) for touchdowns. Overall that year, Hester returned four kickoffs and two punts for scores, establishing an NFL record for six combined kick returns for TDs.

Hester earned first-team All-Pro honors a third time with a 2010 season that saw him lead the NFL with 564 yards and three touchdowns on punt returns.

For his career, Hester took 14 punts and five kickoffs to the end zone in 156 regular-season games.

He was selected to play in four Pro Bowls (2007-08, 2011, 2015) and earned one of the two spots for return specialists on the NFL 100 All-Time Team. He also was named to the NFL's All-Decade Team of the 2010s.

Andre Johnson, a 6'3", 229-pound wide receiver out of Miami, was selected in the first round (third overall) of the 2003 NFL Draft by the Houston Texans. He played 14 seasons in the League with the Texans (2003-2014), Indianapolis Colts (2015) and Tennessee Titans (2016).

An offensive powerhouse, Johnson helped the Texans reach their first playoff berth in 2011. In 2008, he led the NFL in both receptions (115) and receiving yards (1,575). He followed up that All-Pro season with a league-best 1,569 receiving yards in 2009, another All-Pro season. Johnson also led the NFL with 103 catches in 2006 and finished his career with five 100-plus reception seasons – more than any current member of the Pro Football Hall of Fame.

Johnson is one of three players – along with Calvin Johnson and Jerry Rice – to lead the National Football League in receiving yards in back-to-back years.

His career stats include 1,062 catches for 14,185 yards and 70 touchdowns in 193 regular-season games. Following his final season in Houston (2014), he held dozens of team records, including career receiving yards (13,591), career receptions (1,012) and most seasons (10) leading the team in receptions.

When Johnson retired following the 2016 season, he was tied for third in the NFL with three career games with 200 or more receiving yards. He received first-team All-Pro honors in 2008 and 2009 as well as second-team honors in 2006 and 2012. He was voted to seven Pro Bowls over a 10-year span (2005, 2007, 2009-2011, 2013-14).

He was the first player inducted into the Texans' Ring of Honor in 2017.

The New England Patriots selected Steve McMichael, a consensus All-America selection at the University of Texas, in the third round (73rd overall) of the 1980 NFL Draft. After playing in only six regular-season games, the Patriots released him before the start of the 1981 season.

The following season, after an injury to one of their starting defensive linemen, the Chicago Bears brought in McMichael to back up Hall of Famer Alan Page during his final season. Unbeknownst to them at the time, the Bears had found the quintessential ironman to bolster their defensive unit.

At 6-feet-2 and 270 pounds, McMichael played in a franchise-record 191 consecutive games for the Bears, becoming a starter at defensive tackle during the 1983 campaign. As a full-time starter, McMichael went on to earn two Pro Bowl nods (1986 and 1987) and three consecutive first-team All-Pro selections (1985-87).

"Mongo" became a vital part in the Chicago Bears' Super Bowl run, as the club looked to end their championship drought of nearly 20 years. From 1982 until 1991, the Bears allowed the fewest points, rushing yards and total yards in the NFL, while recording the most sacks. McMichael played a role in the Bears winning six division championships and Super Bowl XX in 1986 against his former club, the New England Patriots. In his lone Super Bowl, McMichael started at left defensive tackle and recorded a sack.

McMichael helped the Bears set numerous defensive team records in 1984, including fewest yards allowed (3,863) and most sacks (72; McMichael had 10). The Bears' 72 total sacks still stand as an NFL record.

McMichael's 92.5 career sacks rank second in Bears history, behind Hall of Famer Richard Dent. Twice, in 1988 (11.5) and 1992 (10.5), McMichael led the team in the category, and he totaled seven seasons with eight or more.

The second overall pick by the Carolina Panthers in the 2002 NFL Draft, Julius Peppers became one of the most dominant pass rushers of his era. Playing for three franchises over a 17-year career, Peppers was the single-season sack leader for each at least once (Carolina, seven seasons; Chicago, four; and Green Bay, one).

As a rookie, Peppers earned AP and PFWA Defensive Rookie of the Year after averaging a sack per game, totaling 12 on the season. Peppers would register 10-plus sacks in 10 seasons, tied for third most in NFL history at the time of his retirement.

In his second season, Peppers helped the Panthers win the NFC South Division and three playoff games to reach Super Bowl XXXVIII – a three-point loss to the Patriots.

Peppers' first All-Pro and Pro Bowl selections came after the 2004 season, which saw the defensive end record 11 sacks, nine additional tackles for loss, nine passes defensed and a 97-yard interception return for a touchdown. In 2008, he helped the Panthers to a 12-4 record and first place in the NFC South, totaling 14.5 sacks and 17 tackles for loss.

In 2010, Peppers signed with the Chicago Bears, earning Pro Bowl honors and leading the team in sacks in all four years with the club. The Bears returned to the NFC Championship Game for only the second time since 1988.

For his career, Peppers appeared and started in 18 playoff games, recording 49 total tackles, 6.5 sacks and 11 tackles for loss.

He hold the Panthers' team records for sacks (97), forced fumbles (34) and blocked field goals (eight).

A member of both the NFL's All-Decade Teams of the 2000s and 2010s, Peppers' 159.5 career sacks rank fourth on the league's all-time list.

[8 PLAYING SEASONS]

Height: 6'1"; **Weight:** 242
College: Mississippi
Pro Career: 8 seasons, 112 games
Drafted: 1st round (11th player overall) in 2007 by San Francisco

Full Name: Patrick L. Willis
Birthdate: January 25, 1985
Birthplace: Bruceton, Tennessee.
High School: Central (Bruceton, TN.)

Elected to the Pro Football Hall of Fame: Feb. 8, 2024

Enshrined into the Pro Football Hall of Fame: Aug. 3, 2024

Other Members of the Class of 2024: Dwight Freeney, Randy Gradishar, Devin Hester, Andre Johnson, Steve McMichael, Julius Peppers

Patrick Willis joined the San Francisco 49ers as the team's first-round selection in the 2007 NFL Draft. He was the No. 11 pick overall and first linebacker chosen.

Given Willis's college accolades, the high draft slot came as little surprise. He had been named an All-American following his standout senior year at the University of Mississippi. That season, he won the SEC Defensive Player of the Year award and both the Butkus Award and the Jack Lambert Award as the nation's top collegiate linebacker.

With the 49ers, Willis stepped into the starting lineup as a rookie and made an immediate impact. He totaled 174 tackles (according to Pro Football Reference), four sacks and eight tackles for loss. He also forced two fumbles and defensed five passes. For his efforts, he earned the Defensive Rookie of the Year Award from The Associated Press, was named a first-team All-Pro and was the only rookie invited to the Pro Bowl – his first of seven consecutive selections to that game in an injury-shortened eight-year career.

Willis continued to build his reputation and resume in 2008 and came back in 2009 with perhaps his best overall season statistically: 152 tackles, four sacks, three forced fumbles, eight pass deflections and career-bests with three interceptions and 13 tackles for loss. He won the NFL's version of the Butkus Award, then in its second season. He also won the Bill Walsh Award as the 49ers most valuable player.

In 2011, he anchored one of the NFL's top defenses, which set an NFL record by not allowing a rushing touchdown until Week 16. The 49ers finished 13-3, won the NFC West for first time since 2002 and reached the NFC title game. One year later, they played in the Super Bowl, with Willis contributing 10 tackles in the loss to the Ravens.

Willis finished his career with 20.5 sacks, eight interceptions and 16 forced fumbles. He was selected to the NFL's All Decade Team of the 2010s and was a five-time AP first-team All-Pro.

BORN 1.25.85 // BRUCETON, TN // CENTRAL HS, BRUCETON, TN
MISSISSIPPI // 7TH YEAR // ACQUIRED D-1 IN '07

Arguably the greatest linebacker in the game today, Patrick Willis' sheer athleticism and knack for the football make him an annual candidate for NFL Defensive Player of the Year. His superman-like performances week-in and week-out have contributed to the six-time All-Pro leading the NFL in tackles on multiple occasions. As the 11th-overall selection in the 2007 NFL Draft, Willis made an immediate impact as a rookie, earning First-Team All-Pro, Pro Bowl and NFL Defensive Rookie of the Year honors. He has continued to build a resume that is destined for Canton. Not only has Willis been named All-Pro ever year of his career, but he has also earned Pro Bowl recognition each season, becoming the only 49er to earn Pro Bowl honors in each of their first six seasons. A team captain in 2012, he ranked 2nd on the team in tackles (171) and finished the season with 9 PDs, 2 FFs and 1 FR. The leader of the 49ers defense was rewarded with a five-year contract extension that will keep him in the Bay Are through 2016.

// GOLDMINE

- Patrick and his siblings were separated from his biological father when he was 16. He moved in with his guardians, the Finleys, who were in their 20's when they took in Patrick and his three other siblings. Chris Finley was a math teacher and Patrick's basketball coach in high school. Julie Finley taught 5th grade. He refers to Chris and Julie as mom and dad.
- Patrick believes several of the jobs he held as a youth have made him into the hard-working person he is today. At the ripe age of 10, Patrick worked in a cotton field to help financially support his family. "My grandmother got me a job chopping cotton. I got $110 a week for chopping the weeds around the cotton so it could grow." Patrick's next job was in masonry, where he would mix mortar for the building of structures. He then worked alongside his father, who was a logger. "I would use a chainsaw and cut the limbs off. It was a pretty crazy job, I would get cut up all over." When Patrick was a sophomore and junior in high school, he would perform general maintenance around the school, which included waxing all the floors on the property.
- Patrick was a standout basketball player at Central High School, where he averaged close to 20 points and 10 rebounds per game throughout his career. An all-district, all-region and All-West Tennessee selection, Patrick played every position on the court and was named the district's Most Valuable Player. It wasn't on the blacktop where he crafted his game, but rather on the dirt in front of his house. At the age of 7, Patrick, his brother and his dad constructed a basketball hoop from cedar planks. For the next 10 years, one could often find Patrick and his family playing toe-to-toe on that very same hoop. "That's what kept me busy. We didn't have sport clubs, malls or movie theatres nearby. All we had was each other."
- Competition is what has driven Patrick throughout his life. "I love to compete, no matter what sport it is. Basketball, baseball, football, golf, bowling, fishing, whatever. Basketball was my first love...I played everything, guard, forward, center. In baseball, I played everything too, except for catcher." Patrick set the record for most home runs in his Little League. He started playing golf with his dad, Chris Finley, when he was 16. "Even though I'm not too good, I love to compete."
- One of Patrick's biggest influences growing up was his uncle, Arthur Joe Willis, who was a professional light-heavyweight boxer from 1989-2000, and competed in 33 pro fights. Patrick looked up to his uncle because he was able to make a name for himself as a successful boxer. Arthur matched up against James "Lights Out" Toney in 1990, and Toney later went on to beat former heavyweight champion Evander Holyfield in 2003.

2013 Media Guide

- Since moving to the Bay Area, Patrick has been able to purchase a house of his own. "Buying my house in the Bay Area was awesome, truly a blessing. To grow up in a house like I grew up in and then now to have my real, own house that I can call home feels amazing. I'm truly grateful." Having his own house has served as a great place for his family to come and visit. Pat, being the leader he is both on the field and off, also uses his house to host team get-togethers to bring the guys closer together. "I think having get-togethers at my house, hanging out with teammates and getting to know them off-the-field is big. At the end of the day, one or two guys don't win as a team, three guys don't win as a team, the whole group does. And I think we've built a camaraderie hanging out like we did last year, having get-togethers, just bonding time because it's like family."
- Patrick has a variety of tattoos, with each carrying its own special meaning. One of his most inspirational tattoos is the word 'Believe' on his forearm. "When a person says 'I think,' I feel that leaves room for doubt. If I want to do something, I want to 'believe' I can do it, not just think." Patrick has three tear drop tattoos, which signify three significant people that have passed away in his life – his grandfather, uncle and brother.
- Tragedy struck Patrick's family right before his senior year at Ole Miss. His brother, Detris, drowned in a swimming hole when he was just 17 years old. Detris was a talented FB/LB who was heading into his senior year at Central High School and was a Division I-A prospect. In memory of his late brother, Patrick had the Superman shield tattooed on his chest. "We both loved Superman growing up. We were strong no matter what, but also had our weaknesses." Below Patrick's Superman tattoo reads, "My brother shall rise again." "I believe someday when my time on earth is over, I'll see him again."
- In 2007 and 2009, Patrick was named the recipient of the 49ers Bill Walsh Award. The Bill Walsh Award is voted on by the coaches and awarded to the 49ers team MVP. Willis is one of three players in franchise history to win the award twice (RB Frank Gore, DT Justin Smith).

Each member of the Pro Football Hall of Fame receives his Gold Jacket created by Haggar during the Enshrinees' Gold Jacket Dinner in Canton during the annual Enshrinement Week.

SELECTION PROCESS

Charged with the vital task of continuing to be certain that new enshrinees are the finest the game has produced is the Pro Football Hall of Fame's 50-person Selection Committee.

The Committee consists of one media representative from each pro football city with two from New York and Los Angeles, inasmuch as those cities have two teams in the National Football League. A 33rd member is a representative of the Pro Football Writers of America and there are 17 at-large delegates.

The Selection Committee meets annually to elect new members. There is no set number for any class of enshrinees, but the Committee's current ground rules do stipulate that between four and nine new members will be selected each year. The 1973 and 1976 classes of three were the smallest named.

Every candidate is carefully scrutinized and must receive at least 80% approval of the Committee at the annual meeting before he can be elected. A scale of negative votes for elimination that will vary depending on the number of Selectors in attendance is used.

When the Selectors met in January to name the Class of 2024, they had before them a roster of 19 final candidates, along with detailed biographies on each. To assure that older players will be considered along with the more recently retired, the Seniors Committee – made up of members of the overall Selection Committee – named three nominees from the pre-1998 era to be included on the final list.

A bylaws change to the selection process was approved by the Pro Football Hall of Fame's Board of Directors in August 2014 by which a Contributor – defined as an individual who has "made outstanding contributions to professional football in capacities other than playing or coaching" – automatically will be included among the annual list of Finalists for election. The Contributor Finalists also were voted on for election independent of all other Finalists.

In 2022, the Board of Directors agreed to combine Coaches and Contributors into one category.

For the Classes of 2024 and 2025, there will be one Coach/Contributor Finalist and up to three Senior Finalists.

The other Finalists will be the survivors from a preliminary list of Modern-Era candidates that the Committee will have screened by mail ballot. That original list will have been in part provided by the fans themselves.

Any fan may nominate any qualified person who has been connected with pro football in any capacity simply by writing to the Pro Football Hall of Fame. The only restriction is that a player and coach must have last played or coached at least five seasons before he can be considered. For example, a candidate for the 2025 class must have concluded his career no later than the 2019 season.

There is no mandatory retirement period for a Contributor. Every nomination received will be processed and forwarded to the Selection Committee.

It is important to emphasize that the Hall of Fame itself has no say whatsoever as to who is or is not elected to membership. The only function of the staff is to process the nominations as they arrive and to coordinate all reduction voting and committee meetings, including the annual meeting.

FAQ ABOUT THE PRO FOOTBALL HALL OF FAME'S SELECTION PROCESS

Does the Hall of Fame Nominate individuals?

The Hall of Fame receives nominations but does not make them. Any person, including the 50 elite members of the Selection Committee may place in nomination any eligible players, coaches or contributors.

What Happens After Someone is Nominated as a Modern-Era Nominee?

A nomination is NOT a vote for election. The Hall of Fame's selection process includes multiple steps in which the nominees are scrutinized. The Hall facilitates the procedure of three successive reviews of increasing scrutiny with its 50 selectors. The first is a vote to reduce the long list of Modern-Era nominees (typically around 120) to 25 Semifinalists, followed by a later vote to reduce to 15 Finalists. At the annual Selection Meeting, the Finalists are scrutinized even further by the Selectors, who after a thorough discussion of each nominee reduce the list from 15 to 10 and then 10 to 5. At that point, the five remaining nominees are voted on for membership on a yes or no basis. A minimum positive vote of 80% is necessary for election.

Who Selects New Hall of Fame Members?

The Pro Football Hall of Fame's 50-person Selection Committee is charged with the vital task of continuing to be sure that new enshrinees are the finest the game has produced.

The Committee consists of one media representative from each pro football city with two from New York and Los Angeles, inasmuch as those cities have two teams in the National Football League. There are 17 at-large selectors, all of whom are also active members of the media. That group includes one representative of the Pro Football Writers of America and four members of the Hall of Fame.

The Selection Committee meets annually to elect new members to the Hall of Fame. There is no set number of new enshrinees, but the Committee's current ground rules do stipulate that between four and nine new members will be selected each year. Every candidate is carefully scrutinized and must receive at least 80% approval of the Committee at the annual meeting before he can be elected.

How Are New Enshrinees Selected?

Any fan may nominate any player, coach or contributor who has been connected with pro football simply by writing to the Pro Football Hall of Fame. The only restriction is that a player and coach must have been retired at least five years before he can be considered. There is no mandatory retirement period for contributors before they may be considered. Every nomination of an eligible candidate received will be processed and forwarded to the Hall of Fame's Selection Committee.

Each year, the Selection Committee will be polled three times before the final list of Modern-Era preliminary nominees is determined. The initial preliminary list of nominations is compiled and sent to the Hall of Fame's Selection Committee by March 1. The list is provided so that the Selectors can study the nominees and then request the addition of any other candidates that may have been overlooked. Included on this list are first-time eligible candidates who have strong enough credentials to give them even a remote chance of eventual Hall of Fame election. Also included are all other eligible candidates nominated by any person. Additionally, those Modern-Era nominees from the previous year's final preliminary list who received at least four votes in the balloting to determine the Modern-Era Finalists are automatically included on this preliminary list.

The second preliminary list is sent to the Selectors during the month of July and includes all the nominees named on the initial list plus any additional nominations received from any source since the first list was compiled.

The third preliminary list of eligible candidates is sent to the Selection Committee during the month of September for the purpose of the selection of the Modern-Era Semifinalists for election. From the third preliminary list, the Selection Committee is asked to vote for 25 Modern-Era Nominees who become Semifinalists for election.

The final preliminary list of 25 Modern-Era nominees plus all ties—if any—for the 25th position shall be distributed to the Selection Committee during the month of November for the purpose of the selection of 15 Modern-Era Nominees. The 16th, 17th, 18th and 19th Finalists (potentially) are the recommended candidates of the Seniors Committee and Coach/Contributor Committee.

In advance of the Hall of Fame Selection Meeting, the Selectors are provided detailed biographies on each Finalist. At the annual meeting, each Finalist is thoroughly discussed by the committee before a series of reduction votes are taken. First, the Seniors and Coach/Contributor candidates are discussed and voted on for election. They must receive the same 80% affirmative vote as the Modern-Era candidates. Next, there is a vote that reduces the Modern-Era Finalists list from 15 to 10. Following that, a vote is taken to reduce the list from 10 to five names. The five remaining candidates for Hall of Fame election are then voted on individually (yes or no) for membership.

In order to be elected, a Finalist must receive a minimum of 80% of the vote. All ballots are collected and counted by the firm EY. No vote totals are announced – only the winners of the various reduction ballots are revealed to the Selectors and the Hall's representatives.

How Are Seniors and Coach/Contributor Candidates Chosen?

To assure that older players, whose active careers have been completed at least 25 years, as well as those individuals who contributed to the game in ways other than playing and coaching will be considered along with the Modern-Era players and coaches, a Seniors Committee and a Coach/Contributor Committee, have been established. Both of these committees are made up of 12 members of the overall Selection Committee.

Like the full Committee, the members of the Seniors Committee and the Coach/Contributor Committee are provided a preliminary list of eligible nominees. The list, which is compiled and mailed to the Selectors, includes carry-over nominations from the previous year, first-time eligible candidates and nominations from any outside source.

By way of a electronic balloting, the Seniors Committee and Coach/Contributor Committee members reduce their respective lists to 25 Semifinalists. In second reduction votes, the committees will reduce the Semifinalists to 12. Meetings to select up to three (3) Seniors and one (1) Coach/Contributor for possible election to the Hall of Fame are held in late fall.

In advance of both meetings, each Selector is provided with detailed biographical information on the candidates.

Seniors Committee members are assisted during their annual meeting by consultants, chosen by the Hall's president, who were contemporaries of the majority of the nominees. The consultants offer only their opinions and are not entitled to vote. After each candidate is discussed thoroughly, the consultants are excused from the meeting. Additional discussion is conducted followed by a series of reduction votes that results in the naming of the Seniors nominees.

Coach/Contributor Committee members are also assisted during their annual meeting by consultants and follow the same guidelines as described above for the Seniors Committee consultants.

Although the Seniors and Coach/Contributor Nominees will be presented to the full Selection Committee as Finalists, their election to the Hall of Fame is not automatic. Each must receive the same minimum 80% of the vote as a Modern-Era candidate to be elected.

Is a New Hall of Fame Member Enshrined as a Member of a Team?

Obviously, teams take great pride in the accomplishments of individuals who have been a part of their organization. Often individual teams and even the Hall of Fame will list enshrinees according to the team or teams on which they spent a significant period of time. An enshrinee, however, is not asked to "declare," nor does the Hall of Fame "choose" a team under which a new member is enshrined. When elected to the Pro Football Hall of Fame, an individual is recognized for accomplishments as a player, coach or contributor.

ELIGIBILITY CHART

A player or coach must not have played or coached for five full seasons before he is eligible for election to the Pro Football Hall of Fame. The chart below can be used as a quick reference to determine when a player or coach will be, was, or is first eligible for the Hall of Fame. For instance, 2014 enshrinee Andre Reed last played in 2000. Therefore, he was first eligible for the Class of 2006. Counting upward from 2006, one can determine that he was elected in his ninth year of eligibility.

PRO FOOTBALL HALL OF FAMERS BY TEAM

NOTE: In this listing – a Hall of Famer is named under all clubs on which he made his primary contribution to professional football – (i.e. – Chuck Noll is listed under Pittsburgh as a coach – but not under Cleveland as a player). Hall of Famers who made the major part of their primary contribution for any one club are listed in CAPS. In cases where a player contributed about equally and/or in a major way to two or more clubs – he is listed in CAPS under both clubs (ie. Curley Culp is listed with both the Chiefs and the Titans (Oilers) as his primary teams). Hall of Famers who spent only a minor portion of their career with any club are listed under that club in lower case. (The numbers inside of the parentheses following the team's name indicates the number of primary Hall of Famers followed by the number of Hall of Famers who spent a minor portion of their career with the team).
Year – Superscript next to Hall of Famer's name is the year of his enshrinement.

ELECTION BY YEAR OF ELIGIBILITY & YEAR AS FINALIST

(Since 1970) * Seniors Candidate # Contributor Candidate ^ Coaches Candidate

– In those cases when a player's career ended prior to 1963, the year of eligibility is based on the amount of years since the Hall opened in 1963 rather than the years from when the player last played.

– Prior to 1970, the procedure of naming 15 Finalists was not defined. In 2007, bylaws changed to include 17 Finalists comprised of 15 Modern-Era nominees and two Senior Candidates. A Contributor category was added for the 2015 Selection Process bringing the total number of Finalists to 18. A coaches candidate was added for the Centennial Class of 2020.

[1] *Parcells was finalist four times. He was finalist twice (2001, 2002) following his announced retirement as head coach of the New York Jets in 1999. At the time, the Hall of Fame By-Laws only required a coach to be retired and not the now five-season waiting period. Parcells returned to coach the Dallas Cowboys and the five-year waiting period was in effect when he retired from coaching in 2006 thereby making him eligble in 2012.*

Ninety three (93) members of the Pro Football Hall of Fame were elected in their first-year of eligibility. They include: Troy Aikman, Larry Allen, Marcus Allen, Lance Alworth, Champ Bailey, *Chuck Bednarik, Raymond Berry, George Blanda, Mel Blount, Terry Bradshaw, Derrick Brooks, Jim Brown, Willie Brown, Dick Butkus, Earl Campbell, Eric Dickerson, Tony Dorsett, John Elway, Marshall Faulk, Brett Favre, Dan Fouts, Tony Gonzalez, Darrell Green, Joe Greene, Forrest Gregg, Jack Ham, John Hannah, Franco Harris, Ken Houston, Calvin Johnson, David (Deacon) Jones, Walter Jones, Jim Kelly, Jack Lambert, Tom Landry, Jim Langer, Steve Largent, *Bobby Layne, Ray Lewis, Bob Lilly, Vince Lombardi, Ronnie Lott, Peyton Manning, Gino Marchetti, Dan Marino, Ollie Matson, Bruce Matthews, Hugh McElhenny, Joe Montana, Warren Moon, Randy Moss, Anthony Muñoz, Ray Nitschke, Chuck Noll, Jonathan Ogden, Merlin Olsen, Jim Otto, Jim Parker, Walter Payton, **Julius Peppers**, Troy Polamalu, Ed Reed, Darrelle Revis, Jerry Rice, Barry Sanders, Deion Sanders, Warren Sapp, Gale Sayers, Junior Seau, Don Shula, O.J. Simpson, Mike Singletary, Jackie Slater, Bruce Smith, Emmitt Smith, Bart Starr, Roger Staubach, Jan Stenerud, Jason Taylor, Lawrence Taylor, Joe Thomas, LaDainian Tomlinson,*Emlen Tunnell, Johnny Unitas, Gene Upshaw, Brian Urlacher, Paul Warfield, Randy White, Reggie White, Larry Wilson, Charles Woodson, Rod Woodson and Steve Young.

* Until the 1968 selection meeting, a three-year waiting rule was in effect. That year, Chuck Bednarik and Bobby Layne were elected after only four years' retirement and Emlen Tunnell after five years of inactivity. However, technically speaking, none was elected immediately after the conclusion of the mandatory retirement time limit that was in effect at the time.

FINALISTS BY YEAR

In 2007, the Hall of Fame's bylaws were changed to stipulate 17 Finalists, which would include 15 Modern-Era Players and two Senior candidates.

NOTE: In some cases, there were 16 Finalists due to a tie in the voting. In 1975, there were only 14 Finalists. Contributor Finalists were added with the class of 2015. Selection of Old-timers/Seniors candidates began in 1972. No nominee was picked in 1975. Two Senior nominees were selected starting in 2004.

For the Class of 2021 and 2022, bylaws allowed for one Senior, one Contributor and one Coach Finalist. Another bylaw change effective with the Class of 2023 allows for up to three Seniors and one from a combined Coach/Contributor category per enshrinement class.

In 2020, the Hall of Fame elected a special Centennial Class of 20 members. The Centennial Class included 10 Seniors, three Contributors and two Coaches and were voted on from a list of 38 Finalists.

Reduction votes during annual selection meeting: The selection process includes a cutdown of the 15 Modern-Era Player Finalists during the annual selection meeting separate from the Senior or Coach/Contributor categories. The Selection Committee pared the list from 15 to 10; then 10 to 5. At that point, a yes or no vote is tabulated of the final five Finalists. An individual is elected to the Hall of Fame if he receives at least 80% affirmative vote. Included with this list are the reduction votes that took place under the rules in place that year.

The Centennial Class of 2020 was voted upon during two separate meetings. A special Blue-Ribbon Panel voted on the Seniors, Contributors and Coaches. There were 20 Senior Finalists. A reduction vote pared the list to 15 and a second vote was utilized to determine the final 10 Seniors elected to the Hall of Fame. The Panel voted on 10 Contributor Finalists, with the top three vote-getters earning election. Finally, eight Coach candidates were voted with the top two vote-getters earning election. The Hall's regular selection meeting determined the five Modern-Era Players for election. The Selection Committee first pared the list from 15 to 10; then 10 to the final 5.

Superscript number indicates the number of times as a Finalist. No superscript number indicates a person's first time as a Finalist.

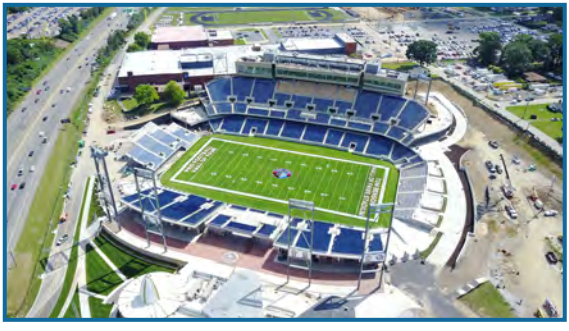
HALL OF FAME GAME

TOM BENSON HALL OF FAME STADIUM

In the Beginning The original stadium was built from 1937-1939 at an estimated cost of $500,000. The federal government in the form of labor force, the WPA, paid for $400,000 while a school board bond issue paid for the materials. The stadium originally seated 15,000 and was the largest high school stadium in the country at that time. Formerly known as Fawcett Stadium after John A. Fawcett, a community leader, member of the Canton City school board and a gifted athlete, the stadium was renamed Tom Benson Hall of Fame Stadium in 2014.

The Future A key component of the Hall of Fame Village project is Tom Benson Hall of Fame Stadium. The venue is a world-class sports and entertainment sports complex that includes a permanent stage built into the stands at the 50-yard line. The stadium is designed by HKS, a world-renowned architectural firm that previously developed AT&T Stadium for the Dallas Cowboys and U.S. Bank Stadium for the Minnesota Vikings.

"Although the scale and capacity of this venue is not as large as some of our more recent football stadiums, the quality of the fan experience and overall intimacy within the venue will be unmatched in sports." – Mark Williams, HKS



Forbes included Tom Benson Hall of Fame Stadium among its "13 Game-Changing NFL Stadiums."

Enshrinement The Pro Football Hall of Fame's Enshrinement is one of the great events in sports. In 2002, the annual Enshrinement was moved from the Hall's front steps back to the stadium, where it had been held from 1963 to 1965.

Hall of Fame Game The Hall of Fame Game series began in 1962, one year before the museum opened. A National Football League preseason game has been played in Canton each year except three since that inaugural game. No game was played in 1966 as the preseason schedule was not set in time to include Canton for a neutral site game. The game was canceled in 2011 due to a lockout and in 2016 due to respect for player safety based on the condition of the field.

Beginning in 1971, following the AFL-NFL merger, an AFC vs. NFC format was adopted for the Hall of Fame series. Preset schedules were created that called for each team to make a visit to Canton over 14- and 15-year periods through 1994. In 1995, the Hall of Fame Game showcased the debut of the league's newest expansion teams: the Carolina Panthers and Jacksonville Jaguars. Since that time, the teams for the Hall of Fame Game normally include teams with significant milestones (such as the return of the Cleveland Browns in 1999 and the Houston Texans inaugural game in 2002) or a connection to the Hall's class of enshrinees.

The inaugural game (1962) and those from 1967 through 1997 were played on Saturday afternoons. The Hall of Fame games were played on Sunday afternoons from 1963 to 1965. In 1998, the Hall of Fame Game was switched to primetime with kickoff moved to Saturday evening. One year later, the game moved to Monday night. From 2006 to 2016, the Hall of Fame Game was played on Sunday night. In 2017, the game was switched to Thursday night.

The Hall of Fame Game was televised nationally by ABC from 1971-2005. In 2006, NBC broadcast the game followed by the NFL Network in 2007. The game returned to NBC in 2008. The game was broadcast by NFL Network in 2012. FOX broadcast the 2021 game. In 2022, the Hall of Fame Game returned to NBC – where it was broadcast in 2023. ESPN and ABC broadcast the game again in 2024.

HALL OF FAME GAME FACTS

The Cincinnati Bengals, who beat the Los Angeles Rams in 1988, became the first team to play in the Hall of Fame Game and advance to the Super Bowl in the same season. The 2001 St. Louis Rams are the only other team to play in Canton to start a run to the Super Bowl.

Teams that have won or tied the Hall of Fame Game have qualified for the playoffs that same season 26 times with the most recent team being the Cleveland Browns in 2023. Included in the number are 14 teams that claimed division titles after leaving Canton without a loss. During one particular 14-year stretch from 1980-1993, all but two of the teams that won or tied the Hall of Fame Game advanced to the postseason that year.

The Dallas Cowboys and Pittsburgh Steelers are tied for the most appearances in the Hall of Fame Game, with seven each. The Washington Commanders have the most wins, earning victories in all five of their trips to Canton.

Hall of Famers Chris Hanburger (1965), John Hannah (1973), Marvin Harrison (1996) and Jack Youngblood (1971) all made their NFL debuts in the Hall of Fame Game.

HALL OF FAMERS WHO'VE PARTICIPATED IN THE HALL OF FAME GAME

Since its inception in 1962, there have been 191 members of the Pro Football Hall of Fame who have either played or coached in a Hall of Fame Game.

Three members of the Class of 2024 participated in the game as a player.

The record for the most Hall of Fame Game appearances by a Hall of Fame member is three, shared by Charlie Joiner and Terrell Owens.
